SELECTMEN'S OPEN LETTER

Several thousand years ago a very wise man wrote in the Bible that "Money is the root of all evil." To those of us who concern ourselves with municipal problems, these same words never had more substance than they have today.

Beyond doubt, today, money is the root of all our Town problems. Our schools, if they are to progress, need ever larger sums; if we want better police and fire protection, we need more money. Since most of our much needed money comes from the property tax, and since the property tax is based on valuations that have been determined by local selectmen, no wonder the sudden demand for a greater degree of accuracy in our valuations has created a vital need for property revaluations.

Your local assessors are, by the very nature of their duties, at the cutting edge of the shovel that brings in the dollars now required by the various spending units in our town. To the local assessor, a property to be revalued is not merely a set of statistics that is fed into a slide rule or a computer and out comes market value. It is not merely a bundle of accumulated laws to be intoned from the shelter of the State House Annex. No, the local assessor is well aware that behind each assessment there are people, and to these people their annual tax bill is a highly personal and important matter.

The question arises as to whether or not it would be advisable to promote a bulldozer type revaluation by so-called "outsiders - strangers" with a resulting high cost and inequities, or would it be better to use the "do-it-yourself" revaluation method and work for correction of inequities. Since we felt it more reasonable to pursue the latter method, a great deal of time has been devoted to reassessments during this past year.

We wish to thank all those who have been helpful, understanding and cooperative during the past year. It is this cooperation that enables us to best serve the Town of Danville.

DANVILLE PUBLIC LIBRARY

Participation in the State-wide Library Development Program has greatly increased the library resources. Nineteen reference books were ordered with the 1967 State Aid Grant. In order that both libraries in town continue to receive full grants, a policy of cooperation between this library and the Sanborn Library in North Danville was developed and filed at the State Library. The hours open were increased to four per week.

The Librarian completed her Junior Year of the Public Library Techniques course at UNH this summer and attended regional book review meetings. The Bookmobile came to the library quarterly.

The continued interest of friends who donate books each year is greatly appreciated. Donations were given in memory of Mr. Roland W. Butters, Sr., a member of the Board of Trustees for many years.

The cataloging and classifying of the entire collection is continuing. The Librarian and the Trustees are seeking help with this matter. Organizations or individuals interested in helping may work during library hours or at home.

The Library hours are 4-6 p.m. on Tuesday and 7-9 p.m. on Thursday. Do drop in.

SANBORN LIBRARY OF NORTH DANVILLE

1967 was a very progressive year for the Sanborn Library because of the help and advice we have had from the State Library and the wonderful cooperation and interest of the people of the community. The State Library Grant of \$100.00 has improved our reference collection and gifts from several Massachusetts libraries are proving very useful. Friends of our library and friends of friends have donated many worthwhile books.

The V. I. S. ways and means committee has raised funds to help toward the redecoration of the library. Lumber for bookcases was donated and new bookcases built. All volunteers have been most generous in giving their time toward making the library the attractive place it now is.

The Library Committee consisting of Melton Sanborn, president of V. I. S., Mildred Hall, secretary, Deborah Meigs, treasurer, and Louise Hewins, librarian, thanks all who have helped our library this year and invites you and your children to make even greater use of its services in 1968.

Respectfully submitted,

LOUISE HEWINS
Librarian

REPORT OF POLICE DEPARTMENT

"The responsibility that rests upon each policeman is awesome. He must protect the innocent, seek out the guilty and all the while, preserve the peace. He must understand the rights of the people with whom he deals and the limitations upon his own power. Surely there are few jobs more difficult than that of the policeman."

Preceding quotes are from "A Guide to Recent Supreme Court Decisions" - by Ronald P. Sokol 1966.

Since a list of expenditures does not give a clear picture of work carried on in the Town of Danville, it seems advisable to make note of those things of public interest. Regardless of funds involved, duty and responsibility remain, and the following is an approximate list of actual time and effort in the past year - the major part of which was donated.

Perhaps most important is the graduation of four Danville Police Officers from the Rockingham County Police Training Academy, with a total of 96 Classroom hours and 18 Field hours, each. Time and traveling expenses for this are not included in the figures below.

AUDIT CERTIFICATE

This is to certify that we have examined the books and records of the Selectmen, Tax Collector, Town Clerk, Town Treasurer, Trustees of Trust Funds and Trustees of Town Library and found same to be correct. However, it was noted that the records of the Tax Collector reflected an overpayment of \$4.20 to the Town Treasurer. Also, the records of the Town Clerk reflected an overpayment of \$17.42 for 1967 motor vehicle permits.

The books and records of the Parsonage Committee were reviewed and found correct.
